LE NOSTRE POLTRONE PER ANZIANI

Il nostro pensiero

Gli utilizzatori dei nostri prodotti sono persone 'speciali' che devono essere trattate con cura

Non possono permettersi di sprecare il loro tempo usando prodotti non adatti a loro

*Quali produttori rivolti al mercato delle forniture di arredi per la terza età, abbiamo sempre pensato che il nostro
prodotto deve prima di tutto avere le vere caratteristiche adatte per l'uso da parte
di persone anziane o comunque invalide, le quali si aspettano dalle nostre poltrone un aiuto per la loro vita quotidiana*

*Le nostre poltrone sono realizzate con cura e sono adatte sia all'uso privato sia all'uso in strutture quali case di riposo,
ospedali, cliniche ecc...*

OUR ARMCHAIRS FOR THE ELDERLY

Our vision

*The users of our products are 'special persons' that must be handled with care. They can not afford to waste their time
by using products unsuitable to them.*

*As manufacturers of furniture for the elderly we have always thought that our product must first of all have the real
features suitable for use by the elderly or invalid people
which they expect from our armchairs something that can help them in their daily life.*

*Our armchairs are made with care and are suitable both for use at home as well for use in places such as nursing
homes, hospitals, clinics etc ...*

UPHOLSTERED SEATING

I NOSTRI IMBOTTITI

Il nostro pensiero

Ci siamo dedicati negli ultimi anni a sviluppare poltrone e divani imbottiti

Quali produttori rivolti al mercato delle forniture di arredi per la terza età, abbiamo tenuto conto delle esigenze degli utilizzatori. Particolare attenzione è stata rivolta alla costruzione di una robusta struttura e dei braccioli che sono spesso sottoposti ad un uso molto gravoso.

L'altezza e la profondità del sedile sono sempre adatte ad un utilizzo piacevole e sicuro del prodotto

Sono state adottate anche alcune soluzioni per facilitare il lavoro del personale delle strutture

OUR UPHOLSTERED SEATING

Our vision

We have focused our attention recently in production of upholstered seating

As manufacturers of furniture for the elderly, special attention was paid to produce strong frames and armrests that are often subject of heavy use.

The height and depth of the seat are always appropriate for a pleasant and safe use of the product by the endusers

Additional features have been developed to help the job of caregivers

GLOBAL

PERCHE' GLOBAL?

Il nostro pensiero

Quando il prezzo è troppo importante

Per rispondere alle necessità di una clientela particolarmente sensibile al prezzo abbiamo creato

la serie di sedie e poltrone Global

Per contenere i costi di produzione e gestione, proponiamo modelli semplici e senza accessori

La garanzia di 10 anni sulle strutture è comunque la dimostrazione che la qualità costruttiva è sempre ottima

WHY GLOBAL?

Our vision

When the price is so important

To meet the needs of customers sensitive to price we created the range of chairs and armchairs Global

To reduce the costs of production and management, we offer simple models with no possibility

to ask for accessories

The 10-year warranty on the structure however is the demonstration that the quality of construction

is always excellent
